iv. Establishment of Online Grievance Redressal Mechanism: 2023

Institutional Commitment to a Fair and Transparent Grievance Mechanism

- The institution is committed to safeguard the rights and dignity of students by ensuring a supportive environment where grievances are acknowledged, addressed, and resolved promptly and fairly.
- All grievance redressal procedures shall be transparent, unbiased, and based on principles of natural justice, ensuring that every complainant and respondent is treated equally and fairly.
- The institution ensures that all grievances are addressed within a clearly defined time frame, with periodic monitoring to avoid undue delays in resolution.
- All grievances will be handled with strict confidentiality.
- The grievance mechanism is designed to be easily accessible to all stakeholders (students, faculty, staff) through both online and offline modes.
- The Student Grievance Redressal Committee (SGRC) is in place to regularly review complaints and take appropriate action. Periodic audits and reports shall be maintained.
- Feedback from stakeholders and periodic reviews of the grievance process will be used to refine and improve the system continually.

ix. Equal Opportunity Cell

The **Equal Opportunities Facilities Cell (EOFC)** at **Dayananda Sagar Academy of Technology & Management (DSATM)** is established to promote **equity, inclusion, and non-discrimination** among all stakeholders, ensuring equal access to education and institutional facilities irrespective of **gender, socio-economic background, physical ability, caste, creed, or religion**.

Objectives of the EOFC

- To ensure **equal opportunities** in academic, administrative, and co-curricular activities
- To support **students from socially and economically disadvantaged sections**, including SC/ST/OBC/Minorities
- To facilitate a **barrier-free and inclusive campus** for Persons with Disabilities (PwDs)
- To promote **gender equity and social justice**
- To create awareness on **constitutional values, human rights, and inclusiveness**

Facilities and Support Systems

- **Barrier-free infrastructure:** ramps, accessible classrooms, restrooms, and common facilities
- **Academic support:** mentoring, remedial classes, bridge courses, and counseling
- **Scholarship facilitation:** guidance and support for Government and Institutional scholarships
- **Counseling and guidance:** academic, personal, and psychological counseling services
- **Assistive support** for students with special needs, wherever required

Functions of the EOFC

- Address grievances related to **discrimination or denial of opportunities**
- Organize **awareness programs, workshops, and seminars** on equality, diversity, and inclusion
- Coordinate with **Grievance Redressal Cell, SC/ST Cell, ICC, and Anti-Ragging Committee**
- Monitor the implementation of **inclusive policies and practices**
- Recommend **corrective and preventive measures** to the Principal and Management

Monitoring and Governance

- The EOFC functions under the guidance of the **Principal**, with representation from faculty and administrative staff
- Periodic meetings are conducted and **Action Taken Reports (ATR)** are maintained
- Feedback from students and staff is analyzed for continuous improvement

xiv. List of Experimental setup in each Laboratory /Workshop

Department of Chemistry

A – Instrumental Experiments :

1. Conductometric estimation of acid mixture using strong base.
2. Potentiometric estimation of FAS using standard $K_2Cr_2O_7$ solution.
3. Determination of pKa of the given weak acid using pH meter.
4. Determination of viscosity of given organic liquid using Oswald's Viscometer
5. Colorimetric estimation of copper.

B – Volumetric Experiments :

1. Estimation of total hardness of water by EDTA methOD

2. Determination of COD of waste water.
3. Estimation of Iron in steel using standard $K_2Cr_2O_7$ solution by using external indicator method
4. Determination of percentage of Copper in brass using standard sodium thiosulphate solution

C – Demonstration/Open Ended Experiments :

1. Chemical Structure drawing using software: ChemDraw or ACD/ChemSketch
2. Synthesis of iron oxide nanoparticles

Department of Physics

Dielectric constant – Determination of dielectric constant of medium used in capacitor

1. Series and Parallel LCR circuit – Study the frequency response
2. Characteristics of a transistor
3. Wavelength of given Laser source
4. I-V characteristics of photo diode
5. Fermi energy of metal
6. Numerical aperture of an optical fibre

10. Torsional pendulum – Determination of rigidity modulus
11. Single cantilever – Determination of Young's Modulus
12. Springs constant
13. Uniform bending - Determination of Young's Modulus

xv. Innovation Cell

The Innovation Cell at Dayananda Sagar Academy of Technology & Management (DSATM) functions as a structured ecosystem to promote innovation, creativity, problem-solving, entrepreneurship, and startup culture among students and faculty, in alignment with AICTE, MoE-IIC, NEP 2020, NAAC, and NIRF expectations.

1. Vision

To cultivate an innovation-driven academic environment that encourages students and faculty to develop industry-relevant, socially impactful, and commercially viable solutions.

2. Mission

- To nurture creative thinking and design mindset
- To promote research-based innovation and startups

- To bridge the gap between academia, industry, and society
- To support IPR, patents, and technology commercialization

3. Objectives

- Foster student-led innovation projects
- Encourage interdisciplinary problem-solving
- Promote startup ideation and incubation
- Support IPR filing, patents, and copyrights
- Enable industry–academia collaboration
- Align innovation activities with SDGs and societal needs

4. Structure of Innovation Cell

Role	Responsibility
Chairman (Principal)	Strategic oversight and policy direction
Innovation Cell Convener	Planning, coordination, reporting
Faculty Coordinators	Department-wise innovation mentoring
Student Innovation Leads	Execution of activities and peer mentoring
Industry / Startup Mentors	Guidance, validation, incubation support

5. Key Activities

- Innovation & Design Thinking Workshops
- Hackathons, Ideathons & Makeathons
- Startup Awareness & Entrepreneurship Programs
- Proof of Concept (PoC) & Prototype Development
- Industry Problem Statements & Live Projects
- IPR Awareness, Patent Drafting Workshops
- Participation in Smart India Hackathon, Toycathon, Atal Innovation Challenges
- Innovation Day, Startup Day & Project Expo

6. Facilities & Support

- Innovation & Prototyping Labs
- Access to Software Tools and Open-Source Platforms
- Mentoring by Faculty, Alumni & Industry Experts
- Support for Incubation, Seed Funding & Grants
- Collaboration with Incubation Centers, MSMEs & Startups

7. Outcomes Expected

- Increased student innovation projects
- Startups and student entrepreneurs
- Patents, copyrights, and design registrations
- Industry-funded student projects
- Enhanced NAAC Criterion 3 & 5 and NIRF Innovation & Research scores

8. Alignment with Accreditation & Policy

- NAAC: Criterion 3 (Innovation, Incubation, Research)
- NIRF: Innovation & Research Components
- NEP 2020: Multidisciplinary learning, entrepreneurship
- AICTE–IIC: Annual calendar and performance indicators

9. Monitoring & Evaluation

- Activity-wise reports with outcomes
- Student participation metrics
- Innovation → Prototype → Startup pipeline
- Annual Innovation Cell Performance Review

xvi. Social Media Cell

The **Social Media Cell** at Dayananda Sagar Academy of Technology & Management (**DSATM**) is a dedicated body responsible for **digital branding, institutional visibility, stakeholder engagement, and real-time communication** through official social media platforms. The Cell plays a vital role in projecting DSATM's academic excellence, student achievements, innovations, and campus life to a global audience.

1. Vision

- To establish DSATM as a **digitally vibrant, transparent, and student-centric institution** with strong online presence and positive brand reputation.

2. Mission

- To communicate DSATM's achievements and activities effectively
- To engage students, parents, alumni, industry, and society
- To promote institutional values, innovation, and excellence
- To ensure authentic, ethical, and timely digital communication

3. Objectives

- Enhance **institutional visibility and outreach**
- Showcase **academic, research, innovation, and placement achievements**
- Promote **events, admissions, rankings, and accreditations**
- Encourage **student participation and creativity**
- Build a consistent and professional **digital brand identity**

4. Structure of Social Media Cell

Role	Responsibility
• Faculty Coordinator	• Content planning, quality control
• Department Media Coordinators	• Department-level updates
• Student Media Team	• Content creation & posting
• Photography & Design Team	• Visual branding
• Video & Reels Team	• Short videos, interviews, highlights

5. Official Platforms Managed

- Instagram
- Facebook
- LinkedIn
- X (Twitter)
- YouTube
- College Website (News & Announcements)
- *(All posts follow institutional branding and approval guidelines.)*

6. Key Activities

- Promotion of academic, cultural, technical, and sports events
- Coverage of seminars, conferences, workshops, FDPs
- Student achievements, placements, internships, startups
- Alumni success stories and industry collaborations
- Admission campaigns and outreach programs
- Live updates during flagship events
- National & international day campaigns

7. Content Guidelines

- Content must be **authentic, respectful, and factually correct**
- No offensive, political, or personal posts
- Student consent required where applicable
- Uniform use of **DSATM branding, logo, and hashtags**

- All posts approved by Faculty Coordinator before publishing

8. Outcomes Expected

- Improved digital reach and engagement
- Stronger institutional brand image
- Increased participation in institutional activities
- Better visibility for **NAAC, NIRF, NBA, and ranking-related achievements**
- Enhanced student skill development in media, design, and communication

9. Alignment with Accreditation & Rankings

- **NAAC:** Criterion 2, 5 & 7 (Student Engagement, Outreach, Best Practices)
- **NIRF:** Outreach & Perception (PR)
- **NEP 2020:** Student participation, digital literacy

xvii. Compliance of the Academic Bank of Credit (ABC), applicable to PGCM / PGDM Institutions and University Departments.: NIL

xviii. To upload the respective short video (1-2 min) of Infrastructure and facilities available w.r.t the courses in the website.

xix. Games and sports Facilities

xx. Teaching Learning Process

The Teaching–Learning (T–L) process at **Dayananda Sagar Academy of Technology & Management (DSATM)** is accorded the highest priority, as it plays a pivotal role in shaping students' academic competence, professional skills, and career readiness. The Institute adopts a **student-centric and outcome-oriented approach**, integrating experiential learning, participative learning, and problem-solving methodologies, supported by extensive use of ICT-enabled tools to enhance the overall learning experience and strengthen Outcome Based Education (OBE).

1. Experiential Learning

DSATM emphasizes **learning by doing** to bridge the gap between theory and practice. To promote hands-on learning and interdisciplinary exposure, students actively participate in:

- **Engineering Exploration and Innovation Activities**, designed to introduce students to contemporary technologies and interdisciplinary applications
- **Mini projects, capstone projects, laboratory-based learning, and open-ended experiments** embedded in the curriculum
- **Workshops, technical training programs, certification courses, and industry visits** to provide real-world exposure
- **Design thinking and innovation-driven activities**, enabling students to explore creative problem-solving approaches

These initiatives nurture curiosity, enhance technical competence, and build confidence among students to apply theoretical concepts to practical challenges.

2. Participative Learning

DSATM fosters an inclusive and interactive learning environment that encourages **active student participation** inside and outside the classroom. Participative learning is promoted through:

- **Group discussions, tutorials, peer learning, flipped classrooms, and collaborative assignments**
- **Student clubs, technical forums, professional society chapters, E-Cell activities, Techfests, hackathons, seminars, quizzes, and debates**
- **Soft skills training, aptitude development programs, and career readiness initiatives**
- **Case studies, role-plays, crossword puzzles, cyber hunts, and bridge courses** to reinforce conceptual understanding

These activities enhance communication skills, teamwork, leadership qualities, and lifelong learning attitudes among students.

3. Problem-Solving Methodologies

Problem-solving and analytical thinking form the cornerstone of the T–L process at DSATM. The Institute integrates structured problem-solving approaches through:

- **Problem-based learning (PBL) and project-based learning (PjBL)** across courses
- **Social innovation-oriented projects**, where students identify local or societal problems and propose feasible solutions
- **Simulation-based learning tools**, such as MATLAB and domain-specific software, to visualize concepts and solve complex engineering problems
- **Open-ended laboratory experiments** to promote critical thinking, creativity, and innovation

Further, **Activity-Based Assessment (ABA)** is implemented to assess higher-order cognitive skills, improve student engagement, and enhance Course Outcome (CO) attainment.

4. Reflective Learning and Continuous Improvement

“**Teaching–Learning System**” is one of the distinctive strengths of DSATM. To continuously improve instructional effectiveness, faculty adopt reflective practices such as:

- **Reflection / One-Minute Paper Technique**, where students reflect on the day’s learning and provide feedback
- Continuous **course review and improvement** based on assessment outcomes and student feedback

These practices help faculty identify learning gaps and refine pedagogical strategies.

5. ICT-Enabled Teaching–Learning Ecosystem

DSATM has established a robust ICT-enabled learning environment to support blended and flexible learning. Faculty and students effectively utilize digital platforms for teaching, learning, assessment, and evaluation, including:

Online Learning & Classroom Platforms

- Impartus Virtual Classroom
- Google Classroom
- Microsoft Teams
- Edmodo

Digital Learning Resources

- NPTEL, Coursera, VTU e-Learning
- YouTube lectures and recorded video content
- Active Presenter and lecture capture solutions

Assessment & Collaboration Tools

- Socrative
- GitHub

- Online quizzes, assignments, and peer-evaluation tools

Students are systematically trained to leverage these platforms for self-paced learning, concept reinforcement, and skill enhancement.

6. Faculty Development and Pedagogical Excellence

To strengthen teaching effectiveness, DSATM conducts **Faculty Development Programs (FDPs), workshops, and training sessions** on innovative pedagogies, ICT tools, and outcome-based assessment practices. These initiatives ensure continuous upskilling of faculty and adoption of best teaching practices.
