My Vision

- As a faculty of Architecture I will strive to be a dynamic, innovative and creative dedicated to teaching and lifelong learning.
- Working to maintain and exceed DSATM standards in teaching.
- Demonstrating respect for our profession, our students, our colleagues, the environment, and the communities we serve.
- Remaining cognizant of our rights and responsibilities as professional Architects, as academics (teachers and researchers), as mentors and leaders, and as colleagues.

In general, my mission is to foster excellence in teaching, research, and learning within a systems approach to architectural education. Our goal is to produce architect graduates with both a strong base of technical knowledge and the complementary skills needed to be successful professional architects in the modern world.
