**Parents-Teachers Meeting**

Dear Parent,

04-04-2018

This is to bring to your kind perusal that DSATM started functioning from the academic year 2011-12, by the parent organization Mahatma Gandhi Vidya Peetha Trust [MGVP]. The founder of MGVP is the Late Shri R. Dayananda Sagar, a distinguished educationalist, an able barrister and a contributor, now parallel to the cause of professional education in our state, with a vision of “To be a centre of excellence in education, research & training and to produce citizens with exceptional leadership qualities to serve national needs”. The Institution is now managed by Dr. D. Hemachandra Sagar, Chairman, DSI and Dr. D. Premachandra Sagar, Vice Chairman DSI.

The college now offers 6 undergraduate programs, under Engineering Program, namely Electrical & Electronics Engineering, Electronics & Communication Engineering, Mechanical Engineering, Civil Engineering, Computer Science Engineering and Information Science Engineering, Bachelor of Architecture and 2 postgraduate programs, namely Master of Business Administration (MBA) and Master of Computer Applications (MCA). All these programs are recognized by AICTE and the institution is affiliated to Visvesvaraya Technological University, Karnataka.

The college has been continuously upgrading the infrastructure in every department in tune with the requirements of technical education, fast transforming the students to become competent professionals. The college has a great combination of some of the best teachers and practicing professionals enjoying national and international recognition. This excellent team shapes the student community in academic skills over and above scientific and engineering temperament and is honed to develop the right attitudinal skills and managerial abilities with in-house training. This with innovative teaching methods effectively combines modern theory and practical learning which has become a guiding light for entrants to shape them into professionals, as they pass out of the portals of the college.

We are proud to inform that we have been achieving more than 98% results in the Final year since inception with couple of Ranks at University level and more than 90% of the eligible are being placed through campus requirement, (the eligibility criteria for most of the companies is minimum of 60% from 10th class till 6th semester, without any active backlogs).

In order to mould your ward into a good and successful engineer and also to apprise some of the important academic issues, we solicit your support suggestion and encouragement. In this connection **a Parent-Teacher Meet has been arranged in DSATM Campus on Saturday the 21<sup>st</sup> April at 10.00 AM, hence you are here by requested to attend the meeting positively.**
