Summary:

'Knowledgeable Society builds a Strong Nation' – As an individual, I believe in increasing the performance levels of individuals with my trainings and working sessions, by making them aware of their strengths and use known techniques to enhance and enrich their knowledge, and in doing so I contribute to my motherland by creating a strong knowledge society imbining a CAN DO attitude.

I, being a Computer Science Professional and a Passionate trainer possess appx. 4+ years of technical work experience in IT Support and training. I am certified by Cybrary for completing their **Comptia A+ 901** training course. I am certified trainer by '**National Skill Development Corporation**' for qualification pack of "Customer Care Executive-Call Center (TEL/Q0100)- v1.0" & soft-skill "Trainer (MEP/Q2601)- v1.0". I have also completed Cognitive Behavioural Therapy (CBT) course by NCTSN, The National Child Traumatic Stress Network and using the same, I support people to overcome depression and anxiety disorders. I have experience of training engineers, management professionals and aspiring bureaucrats on various topics and platforms.

I am open for an opportunity, with an organisation, that can enable me to use my skills, experience, and expertise to contribute to its growth and perceive my passion.

Training Work Experience:

I believe that there is no better donation than education to the society and thus I am a passionate trainer. With my trainings I contribute to the society by helping people self-explore their strengths, take better decisions and evolve as great citizens. When I am off from my regular Job, I am associated with various organizations to conduct training programs. My training experience consist of 9280 Manhours of professional training experience in associating with MindParkour, SixPhrase, ILM, etc.

Most common, but not limited to, topics of the Soft Skills training that I conduct covers Personality Development, Time management, Team management, Reading skills, grooming on SWOT analysis, Presentation skills, Leadership skills, Negotiation skills, body language and Interview handling skills.

I have participated in an 8 weeks of Intense Training and certification Programme in ITES, Telecom, and Retail sectors under NSDC and Skill India programme & Got Certified as a Professional Trainer. I am also accredited by Certifications from SMStudy, Gymnasium and BitDegree.

I have Successfully conducted 40 hours of training focused on CBT workshop model. More focused on Mental health, assertive thinking and relating emotions to outcomes. I have associated with Vijay (one of the NLP trainers in Bangalore) to conduct workshops on Stress management, Emotional Intelligence and Mental health.

About the topic:

The event was organized and conducted for the development of body and a soul are the essence of human development. But it is observed that it is not happening in equal proportion among students, who are involved more on use of modern electronics gadgets and mobile rather than focussing on health and physical exercise. This is leading early health issues among the youth. Keeping this in mind, we organized Physical Education, sports and athletics classes to create a fundamental for the professional in physical education and sports.

Resource person:

Faculty coordinators and student volunteers

Addressing the GAP:

.

Preferably Measurable outcomes:

Create consciousness among the students on Health, fitness and wellness in development and maintaining a healthy lifestyle and also students actively taking part in sports and games.

Impact of the feedback:

Students expressed their experience as sports have a direct connection to a healthy body as it keeps students physically fit and active. Playing sports not just leads to a healthy life but also helps in building good relationships with classmates, friends and family.

interview strategies and skills expecting from industries. The students were evaluated through a standard placement rubrics form.

Resource Persons: Alumni's of CSE, DSATM were identified for conducting mock interviews. They were: Mr.Yash Bhalla, Software Consultant, Mercedes Benz, R&D., Ms. Akshatha Ganji, Application Development Associate, Accenture, Ms.Vaishnavi Kulkarni, Software Engineer, Accolite Digital and Mr. Risheeth Surya Chikpada, Site Reliability Engineer-DevOps, PhonePe.

Inputs from Resource Persons.

1. They have to realize that they're sitting in a pool of students who are well versed with other languages too. They are the experts in Python and AI & ML, but a basic knowledge of C, Cpp and Java would help them secure safe jobs at least.
2. Resume has to be updated by almost all of them.
3. They have to brush up their coding skills. Making mistakes in syntax of dictionary, list, tuples, while loops, leap year programming, prime numbers etc. Theoretically they may be good but implementation isn't strong.
4. Ask some CSE/ISE 4th year students to talk about their placement experience and what the subjects they prepared are. It will help them form a road map of some sort.
5. Computer Networks and SQL are a must. No one has answered any questions in either of the fields.
6. Everyone has to learn to remain more calm and confident, they are nervous, I understand but not being confident while giving answer throws them off and they are unable to proceed with the interview well enough.
7. They also need to learn about HR questions and learn to answer the tricky questions like strengths and weaknesses.

Participants: 42

Identification and addressing the GAP: Bridge the gap between the university curriculum and Industry need.

Preferably Measurable outcomes:

- Student's anxiety about interview process was overcome.
- Students gained confidence and enhanced soft skills.
- Students received constructive feedback about their interview.
- Students gained specific domain knowledge.
