Content Sheet

Event Number	Event Name
1	Technical Talk – Understanding Concrete
2	Technical Talk – Importance of Concrete Technology in Field
3	Industry Conclave
4	Technical Talk – What & How to get prepared for the world after the course
5	Collage Making Competition
6	Technical Talk – Career in Civil Services & Preparedness
7	Technical Site Visit–100MLD Sewage Treatment Plant BWSSB, Hebbala
8	Technical Talk – Career in Core Field & Preparedness
9	Technical Site Visit – Sir M.Visvesvaraya Rainwater Theme Park and Kempegowda Watch Tower Mekhri circle – III Sem Students
10	Technical Site Visit – Sir M.Visvesvaraya Rainwater Theme Park and DSU Campus – VI Sem Students
11	Workshop –Concrete Mix Design
12	Technical Site Visit – Construction site Villa construction at Kaggalipura; Associated with Kites Construction Pvt., Ltd.,
13	Technical Talk - Transition from Student to Site Engineer: Pre-requisites, Essential Communication skills needed
14	Technical Talk -Scope & Opportunities in Civil Engineering Field
15	Technical Site Visit - Sir M.Visvesvaraya Rainwater Theme Park, Jayanagar - VIII sem Students
16	Work shop - Road Design" - 3DS BENTLEY Software
17	Technical Talk – Advanced E-Waste Management
18	Participation in competition

DEPARTMENT OF CIVIL ENGINEERING

CONSOLIDATED REPORT ON STUDENT CHAPTER ACTIVITY

Respected Sir,

The following Events/ Activities/ Workshops have been conducted in the Department of Civil Engineering, DSATM- ICI Student Chapter in Association with ICI KBC

Event 1: Technical Talk

Event Name	ACT INTERNSHIP LINKED PLACEMENT PROGRAM & TECHNICAL TALK		
Theme	Internship and Placement: 'UNDERSTANDING CONCRETE'		
Date	04/07/2022	Time:	3.00pm to 5.00pm
Venue	Seminar Hall, Ground Floor 'M' Block		
Target Audience	VI Semester Students		
Key Note Speaker	Mr Raghunath Ravula Managing Director Academy of Concrete Technology		
Facilitators	Coordinator: Dr. K N Vishwanath Prof & Head Dept of Civil Dr. Sahana R Asst.prof Dept of Civil		

Hand out / Invitation for the event:

Dr. K. N. Vishwanath
Prof & Head, Dept. of Civil Engrg.
Dayananda Sagar Academy of Technology & Management
Opp. Art of Living, Udayapura, Bangalore-082

Number of Participants:- 71

RSS

Art of Living, Bangalore - 560 082

Dayananda Sagar Academy of Technology & Management
(5 Branches CSE, ISE, ECE, EEE & ME, Accredited 3 years by NBA, New Delhi, Validity:01/7/22 - 30/6/2025
NAAC A+ Accredited (Affiliated to VTU, Belgaum and Approved by AICTE, New Delhi)
Udayapura, Kanakapura Main Road, Opp. Art of Living, Bangalore - 560082

Objectives of the Program/ Event:

- To inculcate quality consciousness in civil engineering works form material selection to execution.
- Making them know the importance of quality in construction.
- Opportunities for quality engineer in civil, his / her role in the building value to a project

Measurable outcomes:

- Awareness about maintaining quality in every stage of project & its effects is ceated.
- Testing procedure for material quality assurance is well understood
- Knowledge about Types of tests, procedure, out come & inference of the results

Event 2: Technical Talk

Event Name:	Having an MOU with NABL Accredited Training Academy & Laboratory		
Theme:	Importance of Concrete Technology in Field		
Date:	22/08/2022	Time:	10.30am to 12.00noon
Venue:	Seminar Hall Ground floor 'M' Block		
In the presence of	Dr. M Ravishankar Principal DSATM		
Resource Person	[1] Dr. Niranjan B R, Chairman ACT NABL Accredited Laboratory [Former dean Dept of Civil UVCE] [2] Mr. Raghunath R. Managing Director & CEO ACT		
Target Audience	IV & VI Semester Students-75		

Hand out & Invitation:

Objectives of the Program/ Event:

- To create awareness among students about importance of Concrete Technology in field
- Making them understand the role of Quality engineer in delivering a project
- Means & methods to identify / recognize quality raw materials And checking process
- Process to overcome to develop high strength concrete.

Measurable outcomes:

1. Students were substantially enlightened about importance of Concrete Technology in field.
2. Understood Role of Quality engineer in any project
3. Were able to know different types of Cement, Concrete & their place of application
4. Developed interest in taking quality QC & QA as carer option

Event 3: Industry Conclave

Event Name	INDUSTRY CONCLAVE - 2022		
Theme	Industrial collaboration and faculty interaction with industry experts		
Date	24/09/2022	Date	24/09/2022
Venue	C-201, Civil Engineering Department		
Target Audience	Faculty members		
Facilitators	Coordinator: Dr. K. N. Vishwanath Prof. & Head Dept of Civil Mr. Shreyas B. V Asst.prof Dept of Civil		
Industry Experts	[1] Dr.Raghunath R - CMD, Protect Infrastructure system Pvt.Ltd [2] Sri.Nanda Kishore - Asst. General Manger - Technical, Penna Cement Industries		
Target Audience & Participants	Faculty Department of Civil- 14 members Final Year students- 35 members		

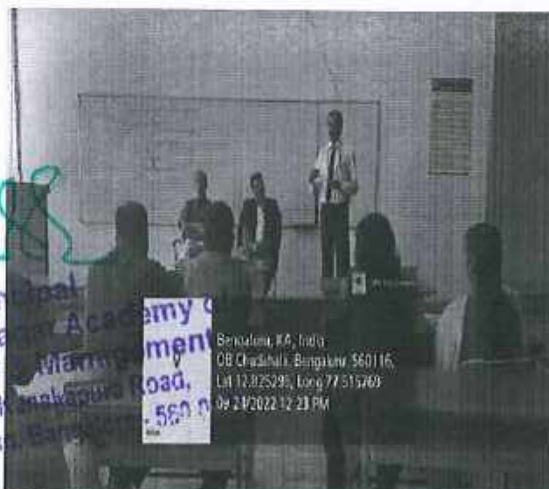

Objectives of the Program / Event:

- Understanding the gaps in academics curriculum visa-a-visa growth in industry.
- To get awareness about projects/works carried out in industries.
- To know the various opportunities for faculty members and exposures to be availed for experiential learning during vacation, which supports Teaching – Learning process.

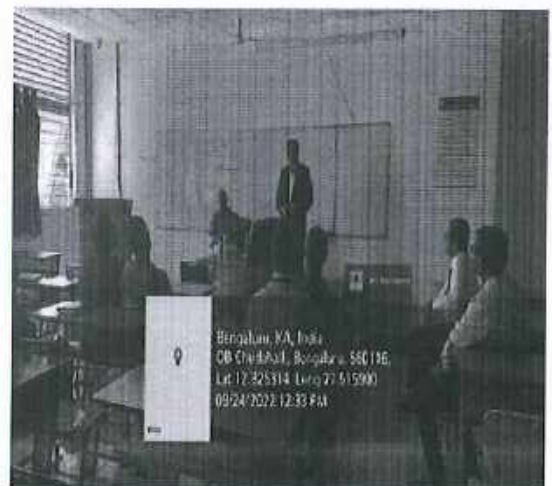

Measurable outcomes:

- Awareness given on the importance of having skill based courses for experiential learning based on the gaps in the curriculum.
- Understood the current scenario in all verticals of civil field, projects being carried out at the industry & job opportunities for students and industrial opportunities for faculties.
- Inputs on how to train the students for industry skills and field exposure.

Photo Gallery :

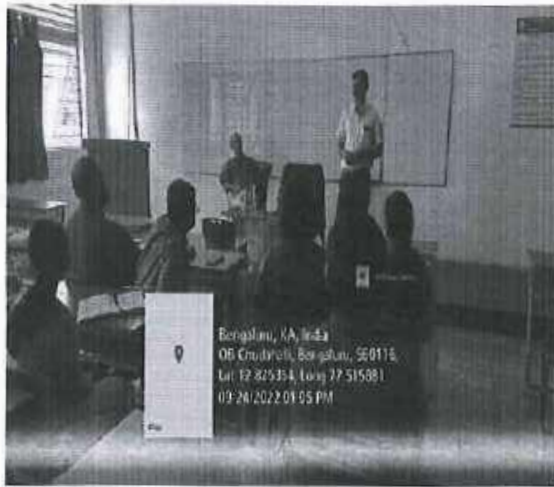

HOD briefing the objectives & introducing the expert to faculty

Event 4: Technical Talk

Event Name	Technical Talk		
Theme	"What & How to get prepared for the world after the course"		
Date	22/10/2022	Time	11.30am
Venue	M-101, 'M' Block		
Target Audience	V & VII Sem students		
Facilitators	Coordinator: Dr. K. N. Vishwanath Prof. & Head Dr. Harikeerthan Assoc Prof, Prof. Supraja I, Asst Prof.: Prof. Girish P Asst.: Prof: Prof. Shreyas B V Asst. Prof: Prof. Deepthi B. P. Asst. Prof: Dept of Civil Engineering		
Alumni	Mr Poojith Prakash COO Prakash Associates Bengalooru		

Objectives of the Program / Event:

- To enable students to get acquainted with field requirements.
- Giving students the finer aspects of interview etiquette
- Creating awareness about the job opportunities existing in different verticals of civil.
- Ideas how not to plan for career growth & directions entrepreneurial ventures

Measurable outcomes:

- Did understand the prospects of career in civil engineering.
- Had complete insight into the preparations to face an interview
- Students acquainted with possible ways & verticals to get jobs OR be as entrepreneurial starter

Feed Back :

**Alumni interaction on "Tools and techniques required in the field of modern Civil Engg" –
Feedback report**

Was the topic for 'Alumni interaction' helpful?
44 responses

Did Speaker meet the student expectation
44 responses

- Highly helpful to understand the need in modern civil engg
- Moderately helpful to understand the need in modern civil engg
- Slightly helpful to understand the need in modern civil engg

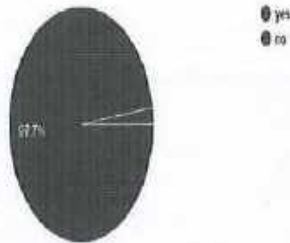

- Met expectation fully
- Met expectation partially
- Met expectation slightly

Event 5: Collage Making Competition

Event Name	COLLAGE MAKING COMPETITION		
Theme	Environmental Pollution and Solution		
Date	08/10/2022	Date	10.00 am to 11.30am
Venue	Geo-Technical Laboratory, 2 nd Floor, C Block, Civil Engineering Department		
Target Audience	VII semester students		
Facilitators	Coordinator: Dr. K. N. Vishwanath Mr. Shreyas B V.	Prof & Head Dept of Civil Asst. prof Dept of Civil	

No. of Participants:- 17 Teams

Student Coordinators:

- Naganayana A, VII Sem, Activity Club Secretary
- Dinesh Kumar C M, VII Sem, Event Incharge

Objectives of the Program / Event:

- To encourage students to apply their creativity and artistic skills.
- To bring out the creative expression of students and to gauge their knowledge and awareness of Environmental pollution and issues.
- To assess them, based on their creative aspects And also to trigger thought process among the students towards solution for environmental pollution, along with providing guidance / fine tuning their efforts, thoughts & expressing skills

Measurable outcomes:

- A visual display of current states of community knowledge of an environmental issue, community expectations and visions, and provides an opportunity to answer questions about that issue.
- Understood the current scenario of the various pollution and their effects on the society and community.
- Evaluated their maturity & expressing skills

Event 6: Orientation Talk on extracurricular activity for advanced studies

Event Name	Orientation talk		
Theme	Career in Civil Services & Preparedness		
Date	08/11/2022	Date	08/11/2022
Venue	Auditorium		
Target Audience	V & VII Semester students of Engineering		
Resource person	Arvindsingh Rajpurohit, MBA: Expert Educator & UPSC topper 2021		
Convened & Coordinated by	Dr. K.N. Vishwanath; Prof. Sridhara S, Prof Shreyas, Prof Jayatheertha		

Hand out:

Objectives of the Program / Event:

- Creating awareness on Building career in Civil Services
- Providing complete inputs on verticals / branches of Civil Services having job
- Guidelines for preparedness by students to enhance opportunities & scope for clearing the Examinations.
- Scope, Recognition, salary, perks Facilities post Clearing services examination

Measurable outcomes:

- Has the awareness on varied verticals in civil services, job openings
- Understood the facilities & recognition gained being a part of Civil Services.
- Priority by students for a particular service, reasons & Causes
- Developed the idea of Positioning of different sewage treatment units in sequence as per design learnt in the class room teaching

EVENT 7: Technical Site Visit

As a part of experiential learning, department has been conducting extra curricular activity to provide exposure to students & faculty alike. In line with this, a site visit to Sewage Water treatment unit at Hebbala under BWSSB was arranged for students

This would rejuvenate students to be active all through & take academics seriously Bengalooru.

Event Name	Site Visit : 100MLD Sewage Treatment Plant BWSSB, Hebbala		
Theme	Technical site visit : Gap analysis for the course Municipal waste water engineering 18CV54		
Date	25/11/2022	Date	25/11/2022
Venue	100MLD STP, Service Rd, Jogappa Layout, Nagavara, Hebbala –KR Pura ORR; Bengaluru, Karnataka 560032		
Target Audience	V Semester students		
Facilitators	Coordinator: Dr. K. N. Vishwanath Prof & Head Dept of Civil Mr. Shreyas B V. Asst. prof Dept of Civil Prof Sridhara S Asst. Prof Dept of Civil		

No. of students undertaking site visit :- 46

Student Coordinators:

- Deshik A, V Sem, Class representative
- Yashwini V Sem Class representative

Objectives of the Program/ Event:

- To enhance the knowledge about the latest technologies and techniques carried out at the sewage treatment plant
- To understand how the theoretical knowledge is fitted in practice and safety practices along with EMS.
- Providing comparison on the various principles, design criteria and working of different waste water operational units at the site, with that learnt in the class room teaching

Measurable outcomes:

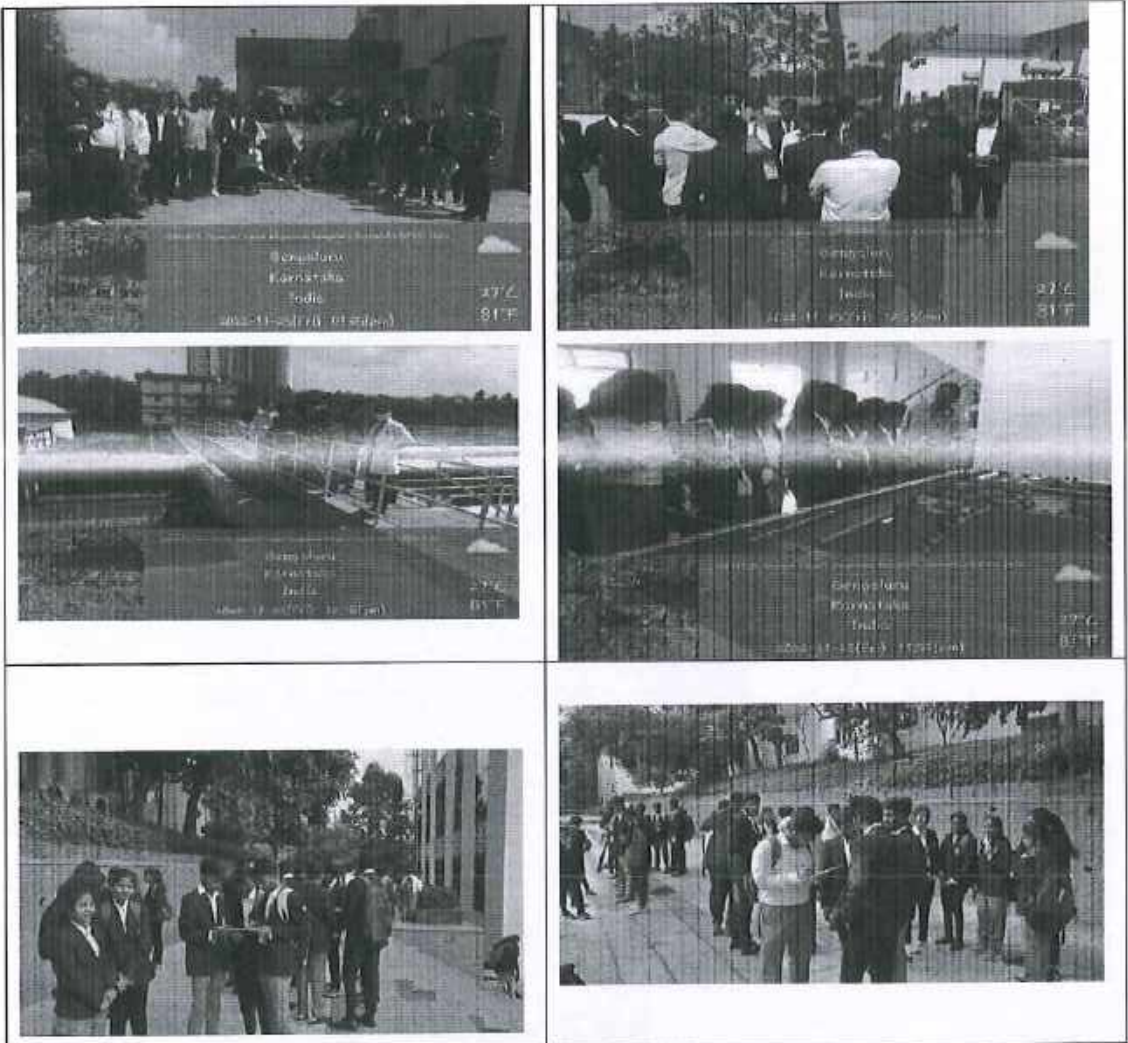

- Awareness given on the quantity and quality of the treated and untreated sewage collected at STP
- Understood the concept on unit operations of Bar Screen chamber, Clariflocculator, SBR, Filter Press, Sludge thickener, Centrifuge and Digester.
- Inputs on Bio-Methane gas extraction, usage of sludge cakes as fertilizer and production of electricity.
- Developed the idea of Positioning of different sewage treatment units in sequence as per design learnt in the class room teaching.

EVENT 8: Technical Talk

As a part of experiential learning, department has been conducting extra curricular activity to provide exposure to students & faculty alike. In line with this, a site visit to Sewage Water treatment unit at Hebbala under BWSSB was arranged for students

This would rejuvenate students to be active all through & take academics seriously Bengalooru.

Event Name	Placement orientation talk		
Theme	Career in Core Field & Preparedness		
Date	26/11/2022	Time	12.30pm to 1.30pm
Venue	C-Block: R-202		
Target Audience	V & III Semester students		
Resource Person	ALFRED WISLON, Senior HR		
Facilitator	Dr. K.N. Vishwanath; Prof. Sridhara S		

Hand out:

No. of Students present :- 62

Objectives of the Program / Event:

- Creating awareness on job profiles in Core civil field, covering different verticals
- Providing inputs on preparedness by students to enhance opportunities & scope in job market.
- Giving details on prospectus lead companies & areas of their expertise: which helps students to decide on the company / area to get skilled for recruitment.

Measurable outcomes:

- Has the awareness on varied verticals in civil offering job openings
- Understood the concept on unit operations of Bar Screen chamber, Clarifloculator, SBR, Filter Press, Sludge thickener, Centrifuge and Digester.
- Inputs on Bio-Methane gas extraction, usage of sludge cakes as fertilizer and production of electricity.
- Developed the idea of Positioning of different sewage treatment units in sequence as per desing learnt in the class room teaching.

EVENT-9: Technical site Visit

Event Name	Site Visit: Sir M.Visvesvaraya Rainwater Theme Park and Kempegowda Watch Tower Mekhri circle, Bangalore.		
Theme	Site visit for the course Social Connect and Responsibility as part of syllabus for Module II and IV		
Date	16/12/2022	Time:	10.00am to 3.00pm
Venue	RWH Theme park, 39th Cross Rd, 5th Block, Jayanagar, Bengaluru, Karnataka 560041. Kempegowda Watch Tower, next to Ramanamaharshi Park, Raj Mahal Vilas Extension, Armane Nagar, Bengaluru, Karnataka 560080		
Target Audience	III Semester students of Engineering		
Resource person / Engineer at site	Mr.Navneeth and Mr.Nikhilesh		
Convened & Coordinated by	Dr. K.N. Vishwanath; And Prof. Shreyas,		

Photographs :

NAAC A+ Accredited (Affiliated to VTU, Belgaum and Approved by AICTE, New Delhi)
Udayapura, Kanakapura Main Road, Opp. Art of Living, Bangalore - 560082

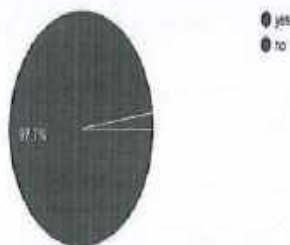

Objectives of the Program/ Event:

- To enhance the knowledge about the latest technologies and techniques carried out at the rain water harvesting theme park.
- To understand the water demand and water scarcity scenario for the city and insight about the importance and benefits to save water in present scenario.
- To explore and know the history about four watch towers located at four corners of the city as part of heritage walk.

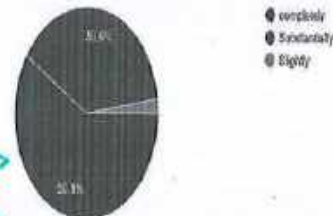

Measurable outcomes:

- Awareness given on the quantity and quality of the rain water harvested by various methods and technique along with importance of save water (26 types of rain water harvesting models).
- Understood the concept of surface and rooftop harvesting, bamboo gutter, snken garden, designing of recharge pit and laws, policies, standards and amendments on rain water collection.
- Awareness about the history of Kempegowda watch towers, bench mark stone and few and heritage buildings of banaglore city (ravindrakalakshethra, townhall, vidhansoudha)

Are you able to identify the modern tools and techniques required in the civil engg field
44 responses

Has the speaker given insight on how to get prepared to face industry by the time you complete the engineering program

EVENT 10: Technical Site Visit

REPORT ON SITE VISIT- RWH Theme park & DSU Campus. This would rejuvenate students to be active all through & take academics seriously Bengalooru.

Event Name	Site Visit: Sir M.Visvesvaraya Rainwater Theme Park and DSU Campus, Bangalore.		
Theme	Site visit for the course DRSS and General awareness about water.		
Date	26/12/2022	Time:	10.00am to 4.00pm
Venue	RWH Theme park, 39th Cross Rd, 5th Block, Jayanagar, Bengaluru, Karnataka 560041. DSU Campus, Devarakaggalahalli, Harohalli Kanakapura Road, Dt, Ramanagara, Karnataka 562112		
Instructors at site	Mr.Navneeth, Mr.Nikhilesh (RWH) and Er.Shashikumar(DSU)		
Target Audience	VII Semester students		
Facilitators	Coordinator: Dr. K. N. Vishwanath Mr.Shreyas B V. Prof Sridhara S Dr. Shubhalakshmi	Prof & Head Dept of Civil Asst.prof Dept of Civil Asst.Prof Dept of Civil	

No. of students undertaking site visit :- 46

Student Coordinators:

- Deshik A, V Sem, Class representative
- Yashwini V Sem Class representative

Objectives of the Program/ Event:

- To enhance the knowledge about the latest technologies and techniques carried out at the sewage treatment plant
- To understand how the theoretical knowledge is fitted in practice and safety practices along with EMS.
- Providing comparison on the various principles, design criteria and working of different waste water operational units at the site, with that learnt in the class room teaching

Measurable outcomes:

- Awareness given on the quantity and quality of the treated and untreated sewage collected at STP
- Understood the concept on unit operations of Bar Screen chamber, Clariflocculator, SBR, Filter
Principles Sludge thickener, Centrifuge and Digester.
- Developed the idea of Positioning of different sewage treatment units in sequence as per design learnt in the class room teaching.

EVENT 11: Work Shop

Event Name	Orientation on 'CONCRETE MIX DESIGN' as add on course for Final year students: Filling the Gap analysis		
Theme	TECHNICAL WORKSHOP		
Date	01/03/2023	Time:	10.00am to 4.00pm
Venue	KSSEM, Mallasandra, Off Kanakapura Road; Byyanapaalya.		
Instructors at site	Narayan, Senior Technical Manager UltraTech, Bengalooru		
Target Audience	VIII Semester students [14 students- two from each batch carrying out Project work in Materials, Concrete & Structures]		
Facilitators	Coordinator: Dr. K. N. Vishwanath Prof. & Head Dept of Civil Prof Sridhara.S. Asst.Prof. Dept of Civil		

No. of students undertaking site visit :- 14

Student Coordinators:

- Ms Naganayana, Class representative
- Mr Shashank Class representative

Objectives of the Program/ Event:

- To enhance the knowledge about the Mix design concept learnt in the class room.
- To understand how properties of Ingredients affect and influence the strength characteristics of a mix
- Process & precautions to be taken during mixing & placing

Measurable outcomes:

- Awareness given on the importance of quality of the raw materials
- Understood the concept of mix design and its importance.
- Inputs from Trainer were very handy in carrying out
- Developed the idea preparing an optimum mix design with available raw material.

EVENT 12: Technical Site Visit

A regular practice at the department to get the students exposed to practical aspects of the theoretical concepts learnt in the class room. This adds to their learning ability & understanding capability

Event Name	Technical Site Visit to construction site [Villa construction at Kaggalipura; Associated with Kites Construction Pvt., Ltd.,		
Theme	Technical site visit : On site experiential learning on structural elements and construction activity		
Date	07/03/2023	Time:	12.30pm to 3.30pm
Venue	100 x 100 Villa site Uttari Village, Kaggalipura ; Bengalooru-560082		
Alumni	Mr. Ashok Chief Engineer, Projects And Mr.Sharath [Alumni], Site Engineer: KITES Construction & Training Academy		
Target Audience	VIII Semester students		
Facilitators	Prof.Jayatheertha H S, Prof.Vianayak A Hosur And Mr.Suresh		

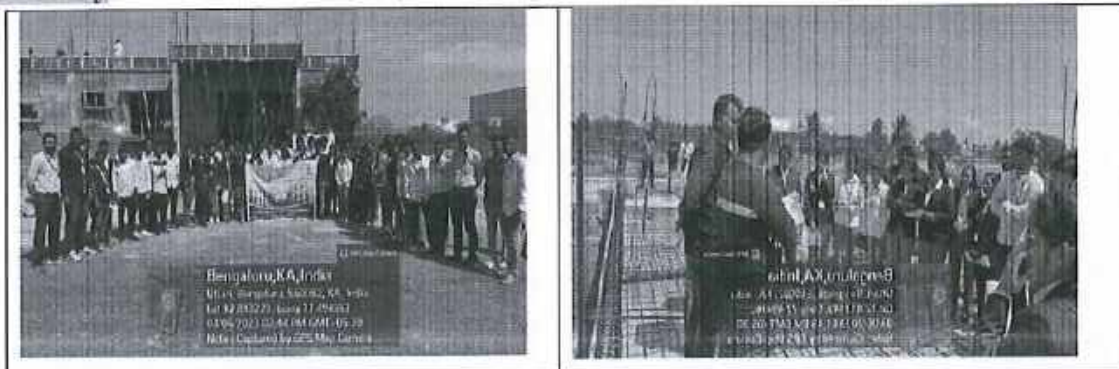

Objectives of the Program/ Event:

- To enhance the knowledge about the latest construction technologies and techniques carried out at the construction site.
- To understand how the theoretical knowledge is fitted in practice and safety practices flowed at the site.
- To have an up-close view of the entire building structure as opposed to seeing it in the drawings And verifying the Reinforcement details.
- Reading the Structural drawing, ratifying the work carried out in field.

Measurable outcomes:

- Understood the safety practices at construction site for workers and safety followed by workers on site.
- Learnt concept of placing RCC works, securing Columns, Beam connections, steel frame work, Roof drop works and steel calculations.
- Inputs on 100 x 100 villa site structural drawings, estimation and costing of materials, work plan schedule & Breakup.

EVENT 13: Orientation Talk

Department has a regular practice of having an Alumni getting interacted with students on rolls, week on week basis. This would provide sufficient guidelines to students for getting prepared to Job rolls on site or in pursuing higher education. Through Such interactions students are getting motivated & inspired to achieve more than what they would have thought of.

Event Name	Orientation Talk		
Theme	<i>Transition from Student to Site Engineer: Pre-requisites, Essential Communication skills needed</i>		
Date	14/03/2023	Time:	12.00noon to 1.30pm
Venue	C-203 'C' Block		
Alumni	Mr. Rohan Sudarshan		
Target Audience	III Semester students		
Mode	Offline		
Facilitators	Dr. K N Vishwanath Prof & Head Dept of Civil Prof. Deepthi B P Asst. Prof, Dept of Civil		

No. of Participants: 20

Objectives of the Program/ Event:

- Making the students to hear from Alumni about the scope of site engineer.
- Knowledge and adaption required during transition from student to site engineer.
- Opportunities for Civil graduates in construction sites.

Measurable outcomes:

- Students could understand the academic requirements to pursue career as site engineer.
- Knowledge of approach required to work on the site work was understood.
- Insights were given to overcome the constraints involved in site work.

Udayapura, Kanakapura Main Road, Opp. Art of Living, Bangalore - 560082

Mr Rohan addressed the students and provided sufficient guidelines & feedback about the scope and opportunities for civil graduates. He threw light on beginning career as site engineers, constraints involved, coping up with work and also about facing interview confidently.

Alumni Interacting with their students, teachers & exchanging their ideas, putting forth their suggestions to improve departments approach in making students better.

Feedback

Was the topic for Alumni interaction helpful?
3 responses

- Highly
- Moderately
- Slightly

Did Alumni(Speaker) cover all the topics in the talk?
3 responses

- Almost covered
- Moderately covered
- Slightly covered

Did Speaker meet the student expectation
3 responses

- Fully
- Partially
- Slightly

Has the speaker given insight on how to get prepared to be a site engineer?
3 responses

- Completely
- Moderately
- Slightly
