Opp. Art of Living, Bangalore-560 082**

**About the topic:** It is essential in today's educational institutions to shape students' minds in order to foster respect for the principles, objectives, and values of the constitution. It is critical that we recognize our obligations as citizens of this nation and that we comprehend the proper context in which to interpret the meaning of our constitutional rights and obligations. According to the Indian Constitution, every child between the ages of six and fourteen has the fundamental right to free and compulsory education. Many such important topics were discussed and presented during the session.

**Resource person:**

**Mrs. Rajeshwari K**  
Advocate,  
Bengaluru

**Addressing the GAP:** The regular VTU curriculum emphasizes the theoretical significance of the Indian Constitution, but in order to provide students a deeper understanding of it, real-world interactions with famous legal resource persons will assist them apply concepts to reality.

**Preferably Measurable outcomes:** A comprehensive understanding of the Constitution empowers faculty members and students to become active and responsible citizens.

**Impact of the feedback:** NA

**Purpose:** The main purpose of this event was to provide a platform to reflect their understanding about NEP 2020 and its implementation with autonomous status.

**About the topic:** NEP 2020 gives a holistic and multidisciplinary education which helps to develop well-rounded individuals who possess critical 21st century capacities in fields across the arts, humanities, languages, sciences, social sciences, and professional, technical, and vocational fields; an ethic of social engagement; soft skills, such as communication, discussion and debate; and rigorous specialization in a chosen field or fields.

Discussion gave an insight into implementation of NEP with autonomous status and how Academic Bank of Credit (ABC) would digitally store the academic credits earned, so that the degrees can be awarded taking into account credits earned. The focus areas of NEP are *Access* to education; *Equity* based education; *Quality* education, and *Accountability in* education to cater diversified group of learners.

**Resource person:**

**Faculty members of DSATM**

**Addressing the GAP:**

The event was conducted to encourage faculty members align to the 2030 Agenda for Sustainable Development and aims to transform country into a vibrant knowledge society and global knowledge superpower by making both school and college education more holistic .

**Preferably Measurable outcomes:**

Successful implementation of NEP 2020 with autonomy could be measured through, reformed teaching and learning curriculum which imparts higher-order cognitive skills, 21st-century skills, mathematical and computational thinking, and critical thinking skills among learners.

Event Name	Session On "Awareness on NEP - 2020"
Date	7 <sup>th</sup> August 2023
Venue	A Block Seminar Hall, 4 <sup>th</sup> Floor

**Objective:** Highlighting the key features of NEP and implications for students

**Purpose:** Create awareness about NEP 2020

### About the Program:

The National Education Policy (NEP) 2020 is a comprehensive framework that aims to transform the education system in India. It introduces several key features and reforms with the goal of providing equitable and quality education for all students.

Key Features and Reforms were highlighted by the resource person.

- **Holistic and Multidisciplinary Education:** NEP 2020 emphasizes a shift from a rote-based learning approach to a more holistic and multidisciplinary education system. It promotes the integration of arts, sports, vocational skills, and other co-curricular activities into the curriculum to foster overall development and critical thinking among students.
- **Foundational Literacy and Numeracy:** NEP 2020 focuses on ensuring that every student achieves foundational literacy and numeracy skills by the appropriate grade level.
- **Flexibility and Choice:** The policy provides flexibility and choice to students in terms of subject selection, vocational education, and the choice of learning pathways. It encourages students to pursue a combination of academic and vocational subjects based on their interests and aptitudes.

Event Name	NEP-2020 Panel Discussion
Date	28th August 2023
Venue	Auditorium, DSATM

**Objectives:** To sensitize teachers to promote each student's holistic development in both academic and non-academic spheres.

**Purpose:** The main purpose of this panel discussion was to provide an insight about NEP 2020 and its implementation with autonomous status, to the faculty members.

**About the topic:** NEP 2020 gives a holistic and multidisciplinary education which helps to develop well-rounded individuals who possess critical 21st century capacities in fields across the arts, humanities, languages, sciences, social sciences, and professional, technical, and vocational fields; an ethic of social engagement; soft skills, such as communication, discussion and debate; and rigorous specialization in a chosen field or fields.

Discussion gave an insight into implementation of NEP with autonomous status and how Academic Bank of Credit (ABC) would digitally store the academic credits earned, so that the degrees can be awarded taking into account credits earned. The focus areas of NEP are *Access* to education; *Equity* based education; *Quality* education, and *Accountability* in education to cater diversified group of learners.

Event Name	Talk On "NEP 2020- Challenges and Implementation"
Date	14 <sup>th</sup> January 2023
Venue	Seminar Hall, DSATM

**Objective:** To create an ideal, thinking and energetic output suitable for entry in higher education and to align Indian education at par with international standards.

**Purpose:** Create awareness about NEP 2020 – challenges and implementation and their preparedness to involve in the teaching - learning process.

### About the Program:

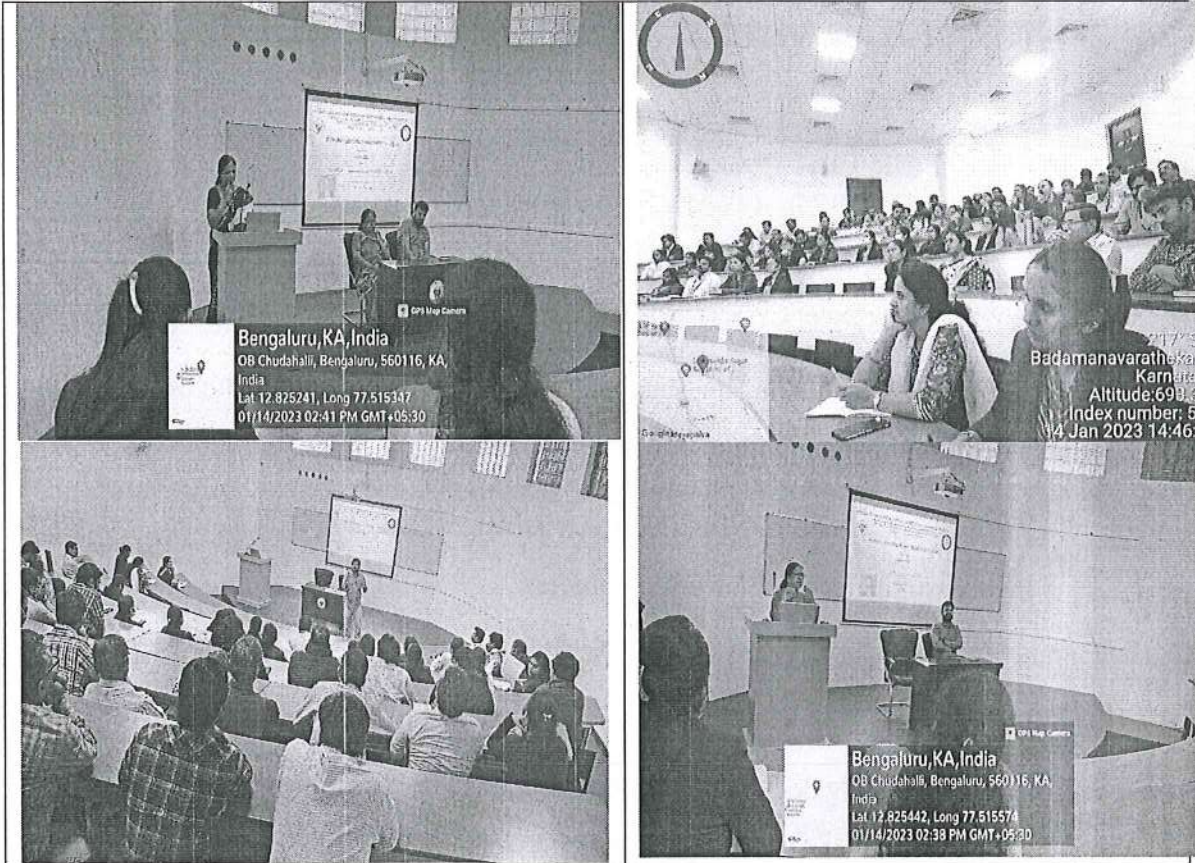

NEP is a truly groundbreaking document. It offers solutions to a wide range of pedagogical and structural issues and aims to make each and every Indian student truly future-ready. At the same time, it also poses a real challenge to the Indian educational system which can only be met if the responsibility is shared amongst the key stakeholders and if the educational leadership itself is educated and trained on how to bring about such a positive transformation without getting beaten by the myriad of challenges during the process.

A well-defined and futuristic education policy is a must for every country because education is the key driver of economic and social progress. Impediments to implementation in higher education i.e., Learning or certificate/degree, Orientation towards multi-disciplinary education, Funding, Digital connectivity, Reimagining and adopting pedagogical changes, Re-thinking assessment were clearly briefed by our resource person
