

Department of Electrical and Electronics Engineering

The Department of Electrical and Electronics Engineering (EEE) at DSATM is committed to advancing interdisciplinary research by combining the core concepts of electrical and electronics engineering with emerging technologies. The department promotes a dynamic research environment that encourages innovation, collaboration, and the development of sustainable technological solutions to address contemporary engineering challenges.

Faculty members involve in diverse research domain such as:

Power System

High Voltage

Power Electronics

Signal Processing

tronFaculty members are involved in diverse domains such as

Research Supervisors

Dr. Kasi viwananthan

Number of PhD awarded= nil

Number of candidates registered for PhD = 1

**Focussed Research Area : Dielectric Properties
of Mineral oil , High Voltage, Power System**
